Debating

Debating

The 1st debating team placed 2nd in the opening rounds of the Rhini Debating League. They managed to win 5 out of 6 debates and will be participating in the semi-finals over the coming weekend. The 2nd team placed 7th overall.

Founders

A big part of the welcome at the Founder's Service on Friday last week, was to celebrate two individuals in particular. Ernest Rothman and Dave Weyer (class of 1954), who celebrated their 75th reunion year with us.

Some of the youngsters at school were mesmerised that they LEFT school 75 years ago... AND still return to the Founder's ceremony at this great college 75 years later. That says a lot about what this school meant to them.

On that note, to replicate that, the current Grade 12s would have to return in the year 2099, which adds a bit of gravity to the significance of Mr Rothman and Mr Weyer joining us (bottom right). They are legends in so many ways at Graeme College. And such a massive part of what we celebrate at Founder's. Two great men; great Graemians.

Our thoughts and prayers go out to the Weyer family, who received such sad news last Friday (pictured top right)

Founders assembly

Last week we had our OG Assembly.

Our Graemian of the Week award is shared by two new arrivals, Leo Murray and Lorien Yazbek. We have been super-impressed with how quickly Leo and Lorien have jumped into life at Graeme College - getting involved wherever they can, giving of their best, displaying impeccable manners and being all-round top men. Courage the Leopard is also chuffed as he will be spending the week closer to the coast and enjoying some sea-air. Well done boys, keep it up! We are proud of you!

Below: Sports team of the week. The U11B cricket team went from strength to strength in the first term. This was topped off with a great team performance against Westering, where they won by 100 runs. Well done to all these young cricketers.

Please take note of our term diary which has a comprehensive calendar of events and what is happening for the term ahead.

We are delighted to announce that Graeme College has purchased a full membership of the VIVE TEEN WELLNESS application, which will enable ALL our learners to have full access to the app. It is something that we have thoroughly investigated, and feel that this is a massive step in the right direction for the wellbeing of our all learners. We are excited that every learner will have safe space to learn more about mental wellness, and reach out for help if needed, in a number of ways.

VIVE TEEN WELLNESS is an Artificial Intelligence enabled digital platform and smartphone application that was built in South Africa. The first version was launched earlier in 2023, with several schools presently using the full suite of functionality. The schools and learners that have been using the platform in recent months have provided us with very valuable feedback that assisted us in planning the next phase of the roll-out.

During 2022 VIVE TEENS has been selected as a winner in the UpLink - World Economic Forum (WEF) Youth Mental Health Challenge where it has competed with over 120 other mental health companies from across the globe.

The platform is expected to launch internationally early in 2024, and as part of that process we are awarding South African schools the opportunity to gain from a locally built application and support the mental wellness of our children.

The Graeme College subscription starts from 1 September 2023, but we would like our learners to download the application in the meantime, and familiarise themselves with it by referring to the various videos and guides.
