Mathematics	Ms M. White	Continue daily zoom lessons. Notes are emailed daily. We have completed Calculus. Learners were emailed end of chapter revision tests for Calculus. We have moved onto completing Trigonometry. This week will complete Reduction and move onto 3D Trigonometry.	Mathematics	Ms M. White	Continue daily zoom lessons. Notes are emailed after every lesson. We will complete Reduction this week and move onto Trigonometry Graphs. Homework will be given each day like normal. Learners must also work through these sections in their textbooks.	Mathematics	Ms M. White/ Dr C. Kelly	Continue with daily zoom lessons. Notes will be emailed after every lesson. We have completed Euclidean Geometry and have moved onto Trigonometry. We are working in right angle triangles on the Cartesian Plane. This we should complete by Friday. Next we will move onto Trigonometry equations and identities. Learners are given homework every day. In addition to this learners must continue to work through their textbooks on this section.	Mathematics	Mr P. De Lacy/ Dr C. Kelly	Continue writing out descriptions and examples given on a daily basis via the WhatsApp group. Do all exercises sent out on a daily basis via the WhatsApp group. You are also encouraged to do extra sums if you so wish. Ensure that you mark all of your work when the memo is sent out on a daily basis. Learners are encouraged to join the zoom lessons offered by Africa Geeks if it is possible.	Mathematics	Mr P. Mathematical Literacy	Mr L. Ferreira	Chapter 5 - Scale and Mapwork. UNIT 1 'Scale'. Exercise 1 pg 138. No's 1, 2, 3, 4 & 7. Exercise 2 pg 138 No's 1, 2 & 4. UNIT 2 - 'Mapwork' Exercise 1 pg 139 No's 1 (all the odds), 2 (all the evens) Exercise 2 pg 140 No's 1, 2, 3 & 4. Exercise 3 pg 142 No's 1, 2 & 4.	Mathematical Literacy	Mr L. Ferreira	Chapter 5 - Measurement. UNIT 1 'Measuring Length and Distance' Exercise 1 pg 114 No's 1 (all the odds), 2 (all for those odds in 11 & 6. Exercise 2 pg 115 No's 1, 2 & 3. Exercise 3 pg 116 No's 1, 2 & 5. UNIT 2 'Measuring mass' Exercise 1 pg 117 No's 1, 2 & 3. Exercise 2 pg 118 No's 1 (evens only), 2, 4, 6 & 8. UNIT 3 'Measuring volume and capacity' Exercise 1 pg 120 No's 1, 2 & 3. Exercise 2 pg 121 No's 1 (evens), 2, 3 & 5. UNIT 4 'Measuring temperature' Exercise 1 pg 123 No's 1 & 2. Exercise 2 pg 124 No's 1 & 2. Exercise 3 pg 125 No's 1 (evens only), 3 & 4.	Mathematical Literacy	Mr L. Ferreira/ Mrs N. Hobson	Chapter 5 - Measurement. page 119 - 130. UNIT 1 'Measuring length and distance' Do Exercise 1 pg 119. Exercise 2 pg 120 UNIT 2 'Measuring mass' Do Exercise 1 pg 122 Exercise 2 pg 123. UNIT 3 'Measuring volume' Do Exercise 1 pg 124 - 125 Exercise 2 pg 125 - 128.	Natural Science	Ms D. Pearson		Natural Science	Ms D. Pearson	
Accounting	Mr M. Pretorius	Learners must continue to go over the possible exam questions and answers from the chapter on 'Quality of Performance'. Next week I will be giving you summarised notes on: * Business investment opportunities. * Assurance and insurance. * Exchange, types of shares, unit trusts. * Returns, e.g. dividends and interest. * Calculations (interest, etc.) * Compound interest and simple interest.	Accounting	Mr M. Pretorius		Accounting	Mrs N. Hobson		Social Science	Mr K. Fichardt (History)/ Mr B. Drael (Geography)	History: please keep going over the activities in the textbook. Watch the videos that were sent and make summaries. If boys can find other videos on YouTube about the Cold War, watch them and record the URL so that it can be watched in class. Keep going over past papers and memos.	Social Science	Mr B. Drael (History)/ Mr J. van der Meulen (Geography)	The grade 8 Geography class is using a WhatsApp group where information (work) is being communicated twice a week. This work is sent using powerpoint, which I upload on the WhatsApp group. Alternatively I can also email learners the powerpoint. If there are any problems please contact myself on 0818762882 or j.vandermeulen@graemecollege.co.za
Business Studies	Mr Watson		Business Studies	Mrs N. Hobson		Business Studies	Mr C. Ngodwane		Technology	Mr J. van der Meulen	Work on the projects will only resume when we back at school.	Technology	Mr J. van der Meulen	Work on the projects will only resume when we back at school.
C.A.T.	Mrs A. Lobb	Continue to work on theory - one activity a day.	C.A.T.	Mrs A. Lobb	Questions on page 90 (correction to email from a few weeks ago) Catch up week: Ensure you have completed all theory tasks, and submit them either in google classroom or whatsapp photos.	C.A.T.	Mrs A. Lobb	Catch up week: Ensure you have completed all theory tasks, and submit them either in google classroom or whatsapp photos.	EMS	Mrs N. Hobson/ Mr C. Ngodwane		EMS	Mr M. Pretorius	
Geography	Mr B. Mackenzie/ Mr G. van Malsendorff	See new Powerpoint files, re Economic Geography. Also refer to exam questions in whatsapp group and Settlement Geography summaries.	Geography	Mr J. van der Meulen	The grade 10 Geography class is using a WhatsApp group to communicate the information. Every evening a powerpoint is uploaded on the group with work for learners to complete the following day. The following day the memo for activities is sent out. If learners do not have access to WhatsApp, I can also email the powerpoint lessons to learners. If you need to contact mr van der Meulen please do so on 0818762882 or j.vandermeulen@graemecollege.co.za	Geography	Mr J. van der Meulen	The grade 10 Geography class is using a WhatsApp group to communicate the information. History	Mr A. Swift	I have sent a link via WhatsApp to a video dealing with The Human Endocrine System (the next topic after The Nervous System. Work through this video slowly, referring to your textbook as you go along. I will send further resources and some revision as I receive it.	History	Mr K. Fichardt	Please continue with activities in the textbook. Watch the videos that were sent and find some other YouTube videos on the Nazis as well as the Aborigines. Focus on the asking yourself ethical questions when it comes to genocide. Keep going over past papers and memos.	History	Mr J. Pennie		Creative Arts	Mr S. Appollis/ Ms C. Janse van Rensburg		Creative Arts	Ms C. Coetzer/ Ms C. Janse van Rensburg	Go through the notes sent via the whatsapp group. There also corresponding videos which can be viewed on the school's YouTube channel. Links are all sent via the whatsapp group.
Life Sciences	Mr B. Mackenzie		Life Sciences	Mr B. Mackenzie	A whole lot of resources dealing with Human Nutrition have been sent and the boys should work through these over the next week or two. More resources will be added, along with revision, as I receive them.	Life Sciences	Ms D. Pearson							

Music	Mr S. Appollis		Music	Ms C. Coetzer	Notes will continue to be sent out via the whatsapp group. Every set of notes sent has a few short questions to be completed and sent to me.	Music	Mr S. Appollis							
Physical Sciences	Dr C. Kelly	<p>We have completed the chapter on Chemical Equilibrium, and aim to finish the "Acids and Bases" section by Fri 22 May. This will bring us to the end of the work scheduled for Term 2. As for the previous section, this is a challenging chapter due to inclusion of many fairly complex chemical concepts, and the need for a thorough grasp of the chemistry covered in Grades 10 and 11. I would encourage parents to monitor the motivation and the progress of their sons periodically, to help maintain their morale and encourage them onwards in this tough time.</p> <p>The WhatsApp group remains the key avenue via which the boys can discuss problems, ask questions etc., and they should utilise this resource as extensively as is necessary. Parents are welcome to contact me directly using c.kelly@graemecollege.co.za. The end is in sight - or at least the end of this particular phase of the new adventure of life in the time of Covid-19! God bless you all, and strength!</p>	Physical Sciences	Dr C. Kelly	<p>We are still working on the "Quantitative Aspects of Chemical Change" section, started on Friday last week. This section is due to be completed by Fri 15 May, and will bring us to the end of the work scheduled for Term 2. I would encourage parents to monitor the motivation and the progress of their sons periodically, to help maintain their morale and encourage them onwards in this tough time.</p> <p>The WhatsApp group remains the key avenue via which the boys can discuss problems, ask questions etc., and they should utilise this resource as extensively as is necessary. Parents are welcome to contact me directly using c.kelly@graemecollege.co.za. The end is closer than it was before :-) ,or at least the end of this particular phase of the new adventure of life in the time of Covid-19! God bless you all, and strength!</p>	Physical Sciences	Dr C. Kelly	<p>We have completed the chapter on Electrostatics, and aim to finish the "Electric Circuits" section by Fri 22 May. This will bring us to the end of the work scheduled for Term 2. This is a critical chapter because much of this work is essential foundation for the chapters on electric circuits in Grade 11 and 12. I would encourage parents to monitor the motivation and the progress of their sons periodically, to help maintain their morale and encourage them onwards in this tough time.</p> <p>The WhatsApp group remains the key avenue via which the boys can discuss problems, ask questions etc., and they should utilise this resource as extensively as is necessary. The end is closer than it was before :-) ,or at least the end of this particular phase of the new adventure of life in the time of Covid-19! God bless you all, and strength!</p>						
		<p>During any LO exam you are expected to write two essays. For this work week, focus on practicing good essay writing skills. This is for practice only (do a little online research if possible, as well). Topic: Explain how physical fitness can have a positive impact on health. Give an indepth look into the physical and emotional impact of physical fitness on one's health. Your essay should be about 300 words in length (about 6 short to medium length paragraphs).</p>	Life Orientation	Ms S. Randall	<p>During any LO exam you are expected to write two essays. For this work week, focus on practicing good essay writing skills. This is for practice only (do a little online research if possible, as well). Topic: The signs of a healthy balanced relationship as well as the signs of an unbalanced relationship. The dangers involved. How to get help. Do some online research if possible. Your essay should be about 280 words in length (about 4-6 short to medium paragraphs).</p>	Life Orientation	Ms S. Randall	<p>During any LO exam you are expected to write two essays. For this work week, focus on practicing good essay writing skills. This is for practice only (do a little online research if possible, as well). Topic: Research 3 examples of Human Rights violations committed within 2019. Why can it be seen as a human rights violation? Explain. Explain what is meant by the word Democracy. What are the characteristics of a democracy? Why do people need to have rights? What are the rights of the child? Where can adults and children go to for help? Your essay should be about 280-300 words in length (about 5-6 short or medium length paragraphs).</p>
